EDUCATION

The University of Texas, Austin

B.S. in Computer Science

May 2018

GPA: 3.95 / 4.0

EXPERIENCE

Optum Technologies

Software Engineering Intern

June 2016 - August 2016

Boston, MA

- Designed and implemented an onboarding health web brochure delivered to 7M new customers/year.
- Developed an auditing application using Salesforce for internal use to patched security flaws saving the company \$50K and 8 weeks of development time.
- Managed the direction of both projects from inception to deployment.

The University of Texas at Austin

Teaching Assistant - Data Structures and Introduction to Programming

Fall 2015 - Present

Austin, TX

- Taught discussion sections and individually assisted students during office hours.
- Gave feedback on projects, assignments and exams to help improve scores.

Belfort Design Agency

Web Development Intern

June 2015 - August 2015

Dallas, TX

- Completed contracts to develop WordPress sites and web applications.
- Developed mainly in the front-end, learned back-end to integrate and visualize data.

PROJECTS

Pokémon Battle

Fall 2015

- Created a Pokémon game where the player can battle against the CPU.

Tracksidy

Summer 2015

- Developed an AngularJS/WordPress hybrid music streaming application with a sleek user friendly design.
- Allowed producers to upload tracks which users could listen to and buy.

Celebiddies - HackRice

Winter 2015

- Made a fantasy celebrity league website where players could create and “battle” with teams of celebrities with a score based on popularity determined by a machine learning algorithm.

ACTIVITIES

Freetail Hackers

Tech Team

Spring 2016 - Present

Austin, TX

- Worked with a team of 7 to provide technology solutions for HackTX, a global hackathon with over 700 attendees, along with smaller niche hackathons.

Computer Science Ambassador

Member

Spring 2016 - Present

Austin, TX

- Plan events, coffee chats, and tours to recruit prospective UTCS students with a team of current CS students and the CS department.

Natural Sciences Council

Member

Fall 2014 - Fall 2015

Austin, TX

- Participated in Kids Who Code, an initiative to teach the basics of programming to young students.

SOFTWARE SKILLS

Proficient

Java, HTML/CSS

Familiar

C, Python, JavaScript, AngularJS, Meteor, PHP

INTERESTS

Robotics, Web Development, Foreign Languages, Soccer, Violin, Pokémon
